

**Eastminster Presbyterian Church
Organ Maintenance Fund**

Recognizing that the Organ is not only a musical instrument, but also a mechanical structure which requires periodic maintenance, the Worship Committee of Eastminster Presbyterian Church has established an Organ Maintenance Fund to provide for the payment of expenses incurred in its periodic maintenance. These expenses shall include labor and parts required to keep the Organ and its accompanying parts such as the chimes, in the best possible working condition.

Funding of the Organ Maintenance Fund shall come from anyone who so designates contributions to the Organ Maintenance Fund. Expenditures from the fund shall be approved by the Worship Committee and included in its budget as to regularly scheduled maintenance costs. Expenditures from the fund beyond those budgeted by the Worship Committee shall be approved by Session.

Adopted by the Worship Committee
