Officer Examination, Ordination and Installation

Eastminster has opted not to invoke a formal examination of individuals elected to serve in officer positions. It feels the nominating process contains sufficient safeguards to prevent problems with an individual's faith. Eastminster feels the likelihood of someone agreeing to serve as an officer and for the Pastor not to be aware of issues involving that individual would be rare. It further feels that such an examination, unless approached with extreme care, could be insulting to the individuals involved.

Ordination and installation of officers will take place as early as possible in September. September is chosen since all officer terms start September 1st. All officers elected for terms starting September 1 are asked to participate in the ordination and installation service. The ordination and installation will be held at both services. Eastminster believes strongly that all officers elected are to be ordained and installed. As such, this will include elders, deacons, trustees and Pre School board members.
